

2011 CHEVROLET CAMARO SSX CONCEPT

What happens when you give a 21st century icon performance parts? Use your imagination. Chevrolet, Riley Technologies and Pratt & Miller have teamed up to create Camaro SSX — a closed-course track concept that showcases the expanded line of GM Performance Parts. It's the ultimate expression of Camaro track-specific performance.

For more details on Camaro and GM Performance Parts, see your local Chevrolet/Performance Parts Authorized Dealer.

EXTERIOR

- Low-gloss Pearl White color with red accents and door graphics
- Carbon fiber hood, fenders, door and decklid
- Exposed carbon fiber front splitter, rockers and adjustable rear wing

INTERIOR

- Carpeting, sound deadener and rear seat deleted
- Ace suede-covered racing steering wheel and shifter
- Roll cage and window net
- Racing driver seat with five-point harness
- Racing pedals
- Fire suppression system
- Video camera system mounted on roll cage

PERFORMANCE

- LS3 6.2L V8 enhanced with GM Performance Parts camshaft, cylinder heads and dry-sump oiling system
- Production six-speed manual transmission with Corvette ZR1 twin-disc clutch
- Low-restriction air induction and exhaust systems
- Four-wheel disc racing brake system with six-piston front/four-piston rear calipers and drilled and slotted rotors
- Modified production suspension with Pfadt licensed components
- 20-inch racing wheels and tires

Part Imagination. Part Reality.
