1 Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to gmaccessorieszone.com or see your dealer for details. Camaro's 20-inch tires are Summer performance tires. Summer-only tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires.
2 Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the properties their details. Compare the proventies the properties the provide the proventies that provide the provi

appropriate child restraint. See the Owner's Manual for more information. 3 Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions.
