

GM PERFORMANCE PARTS

We know you want greater performance from your Camaro. That's why GM Performance Parts designers and engineers have developed bolt-on components that accentuate and enhance the factory-delivered horsepower.

Following the adage that more air in and more air out equals more horsepower, we developed air box, header and exhaust kits. We even

designed color-coordinated engine covers that may not add any direct horsepower, but just might help grab a "Best in Show" trophy at the next car show.

Check out the parts below and build your Camaro to pull away from the crowd!

EXHAUST

Upgrade the look and sound of your Camaro's exhaust system with one of our tuned, emissions-legal bolt-on exhaust kits. They deliver a great performance sound and reduced restriction, which promotes increased power—especially when combined with other performance parts. Whether you're looking for a street-legal sound or a completely off-roading system, GM Performance Parts has got you covered. The exhausts are available with or without ground effects. When ordering the ground effects package, there is no need to include an exhaust tip. Our exhaust kits are designed for simple remove-and-replace installation, for a quick and hassle-free changeover. NOTE: When selecting a kit for SS models, check for specific LS3 (manual transmission) or L99 (automatic transmission) part numbers.

SHORTY HEADERS

Low-restriction exhaust headers enable exhaust gases to be carried away from the engine quicker, boosting the engine's airflow efficiency and overall performance. Our bolt-on header kit provides a simple bolt-in replacement for the factory exhaust manifolds. Match them with one of our exhaust kits for even greater performance. V-8 engines only.

AIR BOX

Give your Camaro a breath of fresh air—and improve your horsepower—with GM Performance Parts air box kits. They include an open-element air filter for lower restriction and a great-looking, performance-style housing for a true tuner appearance. They're available for V-6 and V-8 applications.

ENGINE COVER KITS

High performance and high style have always mixed with Camaro enthusiasts. You can give your Camaro's V-6 or V-8 engine a stylish, show-quality upgrade with our gorgeous engine cover kits. They're available to match most exterior colors, allowing you to complement or contrast the color choices to suit your style. Match the engine cover with one of the color-coordinated interior trim kits, too, for a completely integrated look.

The engine cover kits are easy to install and are easily removed when service is required. They don't interfere with oil fill or other common maintenance access points.

AUDIO AND ELECTRONICS

The new Camaro is more than the next-generation muscle car—it's also a technology showcase that offers the latest in convenience and infotainment systems. You can take your Camaro's technology to a higher level with upgraded audio subwoofer and lighting systems, as well as remote starting. Our audio system brings greater features and capability, while a peripheral device interface module allows you to plug in devices to play through the audio system. Remote starting allows you to start your Camaro to let it heat up on a cold morning or cool down with air conditioning on a hot day. Finally, our footwell lighting kit delivers customizable, colored ambient lighting for a premium, high-tech interior appearance.

EXTERIOR ACCESSORIES

Create your own look for your Camaro with our diverse lineup of exterior accessories, from a satin nickel fuel door or a grille insert to color-matched splash guards and a complete ground effects kit.

The ground effects package creates a dramatic, ground-hugging look for your Camaro—one that is suitable for drifting, drag racing or a few laps around the road course. It comes delivered in a great Metallic Grey color that accents your car's original color.

Camaro exterior accessories are designed and manufactured to the same quality and durability standards as all regular-production components. That means you're assured of perfect-fitting, long-lasting accessories that will stand up to years of use.

WHEELS & TIRES

We don't have to tell you how a great set of wheels transforms the look and feel of your car. The 2010 Camaro comes with a family of attractive, 18-, 19-, and 20-inch wheels, but GM Performance Parts takes it a step further with great-looking, racing-inspired 21-inch wheels and complementing performance tires. The wheel design features a contemporary split five-spoke center available in two finishes. The first finish is a black painted finish and the other is machined aluminum with black accent paint. They are offered in 8.5-inch across all V-6 models or 8.5-inch fronts and 9.5-inch widths rears for the SS models.

Don't forget the center caps and chrome lugnuts (sold separately) as well as the required tire pressure monitor sensors. Order a complete kit of wheels, tires, center caps, lugnuts and pressure sensors for hassle-free installation by your dealer.
