MAKE A HANDS-FREE CALL

Muting/unmuting calls:

If the inside of your vehicle becomes noisy, you can mute a call at any time.

Muting a call using the 'Mute' command:

1. Press the Push to Talk button
2. Your system will respond with a "Ready" message followed by a tone
3. Clearly say "Mute call"
4. Your system responds with a "Call muted" message and mutes the call

Unmuting a call using the 'Unmute' command:

1. Press the Push to Talk button
2. Your system will respond with a "Ready" message followed by a tone
3. Clearly say "Mute Call"
4. Your system responds with a "Resuming call" message and unmutes the call
