

## **2023 SEPA5+ Camaro Covered Bridge Cruise to Van Sant Wings & Wheels**

### **General Info:**

We will be crossing 5 covered bridges this year on a 44 mile 1.5-2hr ride. The route is similar to past cruises but as always it's subject to change for any unforeseen reason such as road closure. **This cruise is at your own risk. By attending you imply that you are a licensed driver, your car is registered & insured, and that you will adhere to all Pennsylvania state laws for motor vehicles on public roads. The organizers club members or anyone connected with this event are not in any way responsible for any injuries, accidents, theft, or damages sustained by anyone participating in this event.**

As a reminder, some of the roads we will drive on are roads less traveled and they are windy back roads. There is a high likelihood that we will encounter bikers, other car clubs doing the same thing, etc. and so please be safe and keep an eye out for pedestrians/bicyclists as well as oncoming traffic.

This year our destination will be the same as previous years, however on Sunday 10/15/23, Van Sant is hosting a car show, so unlike in the past, there will be more than just a few planes to see when we get there. Keep in mind we are not an organized part of the Van Sant Wings & Wheels car show, just cruising to it. The cruise concludes at the airport so if you decide to enter your car in the Van Sant show, just park and spectate, or peel off and head home, that's up to each individual.
